Strategic Thinking

Education Background

CHE School of Marketing

2018

Port-Harcourt

Learnt the fundamentals of community management as it applies to marketing, communication and psychology.

After two months we started professional training sessions on how to properly manage social media platforms and drive engagement.

Work Experience

Community Manager

04/2026

Router Protocol

community Manager

I drafted and created daily contents for community growth and engagement.

I became the voice of the brand online, using community friendly language to attract attention.
